## **MESSAGE FROM THE CORRESPONDENT**

### **HELLO, GREETINGS TO ONE AND ALL.**

It gives me immense pleasure and joy to pen down my thoughts, perspectives and insights into our group's newest educational venture the **"Kikani Global Academy"**.

At the core of our vision, will be the need to impart knowledge to meet the needs of 21<sup>st</sup> century education. Alongside a blend of values and virtues with technology and the sciences leading to excellence in our students.

As Educationists, we firmly believe every child is special. Every child is unique. Every child has skills of creativity and curiosity imbibed in them. It will be our duty to take special efforts to nurture and fine-tune the above inherent skills at a very early age.

Our Vedic philosophy says humans are social animals looking for bonding and creating meaningful relationships to progress and succeed in life. It will be our endeavor and emphasis on building strong relationships between teacher and students. A bond of love, care, trust and nurturing that shapes the mindset of children to thrive and perform better.

At Kikani Global Academy, our innovative approach to education will make learning joyful and a stress free experience. Our teaching methodology will implement a mastery based framework of learning. A more personalized and student centric approach to meet the aspirations and interests of the child.

On behalf of the entire team at Kikani Global Academy, we extend a warm welcome and invite parents to entrust your children under our care. Together we shall sail in this voyage of learning and self discovery to reach our goals.

## KIKANI SCHOOLS - STORY

### Greetings to one and all.

It is utmost joy and nostalgia to put forth a few lines on a glorious legacy spanning 64 years to the cause of Education by Kikani Institutions.

Started as a Bal Mandir in 1957 in a small room and blossomed over the decades into three eminent schools : **Shree Baldevdas Kikani Vidyamandir Higher Secondary School, Shree Baldevdas Kikani Vidyamandir Matric Higher Secondary School and Kikani Vidhya Mandir (CBSE School)**, comprising of almost 2500 students.

Exactly a century ago a group of Gujaratis migrated down south and settled in Coimbatore. Their efficiency in Trade and Commerce brought tremendous change to the city. Slowly and steadily the influx of Gujaratis increased and this led to the formation of Shree Coimbatore Gujarati Samaj. After having tasted success in trading and manufacturing, the members of the Gujarati Community turned their attention to philanthropic activities and Education.

Two great stalwarts Shri Kishandas Kikani and Shri Gopaldas Kikani strove against all odds to establish a school. The philanthropists who truly believed that every child born deserves an Education. They believed that education is wealth and no youth can be deprived of it.

This Dream, Foresight and Vision led them to take over Gujarati Vidyamandir, an Elementary School established by Shree Coimbatore Gujarati Samaj and renamed it in the memory of their late elder brother. Thus the seeds of Shree Baldevdas Kikani Vidya Mandir were sown on 10<sup>th</sup> October 1951.

Within a few years a magnificent parcel of land was acquired right in the heart of the city at R.S.Puram. Plans for buildings and construction started with enthusiasm.

Finally on 1st June 1957, the new school with a sprawling campus was ready and Shree Baldevdas Kikani High School started its Educational journey. Needless to say admissions filled up from the very first day and very soon it was on its way to become a model institution in the city of Coimbatore. **“Unity in Diversity”** became the school motto. Ever since there was no looking back. The members of Kikani family jointly with Shree Coimbatore Gujarati Samaj left no stone unturned to convert Kikani into one of the finest schools in Coimbatore. As time and years rolled by, the school branched again into a Matric School in 1998 and subsequently a CBSE school in 2011 at the very same campus.

It is often said that stagnation leads to decaying. A futuristic school with 21<sup>st</sup> century skills was the need of the hour. Armed with the same energy and enthusiasm the new generation of Young Trustees are taking this educational journey forward.

A new venture **“Kikani Global Academy”** is taking shape at the scenic foothills of Perur Chettipalayam, a little on the outskirts of the city. Plans for having a truly emerging Technology school are in process and we plan to start our academic courses by June 2021.

With the blessings and support of the community at large, **Kikani Institutions** shall truly live up to all expectations of providing Quality Education and be a responsible instrument of service to the society and towards the cause of Education.

## EARLY CHILDHOOD EDUCATION

The Central Board of Secondary Education believes in providing stress free, child centered and holistic education to all children without compromising on quality which aligns well with the vision of Kikani Global Academy. Our curriculums are designed based on the frame work provided by the **CBSE**.

### FOUNDATION LEVEL – PRE KG, LKG AND UKG

We all need to know and accept that children are born with an incredible capacity and desire to learn. The rapid learning that takes place between 0-3 years is simply an amazing fact of mankind; seldom measured by parents and adults involved with them. With this acquired knowledge, a child enters the kindergarten where the foundation for learning is laid during the formative years of ages 2.5 - 6 and the child is initiated to the learning process through education. We at **Kikani Global Academy**, educate children on what learning is and how learning should happen by providing a conducive ambience with appropriate materials and tools. The curriculum that is exclusively designed guides and puts the child in the path of understanding themselves. It instills the initials towards integrity and identity of self, thereby instilling the value of respecting and accepting self and others. It provides multiple ways for the child to express their feelings and thoughts through art and games and provides adequate space for stimulating experiences which support various learning abilities

### PRIMARY LEVEL – CLASSES I - VI

Once the foundation is laid strong, the children are officially inducted into the formal education, where they are exposed to various subjects in depth. It is also the first step in making of the character of the child. Development of social, cognitive, cultural, emotional and physical skills happen during this phase.

We aim at providing rich, stimulating and caring environment in which the child feels happy, safe, secure and confident. Our curriculum is designed to bring out creativity in each child and is the perfect fodder to the enquiring minds.

“ Kikani School converts an Individual into an Institution. I am deeply indebted to the school which sowed the seeds inside me to be disciplined, hard working, positive, ethical and spiritual. The teachers served as our mentors and the ambience of the school was enriching. ”

**M. Krishnan**  
Chairman and Managing Director, Sri Krishna Sweets, Coimbatore.

“ “Education is the most powerful weapon which you can use to change the world.” Kikani Educational Institutions since it’s inception has this value embedded in their DNA. Time and again I have seen how their students have emerged as leaders in various fields. Their curriculum has a divine touch with the focus on Bharath Culture. Both teachers and students have radiated this unique aura that is enduring. With their new school venture this value and equity will stand to forge ahead as a premier institution in the country. ”

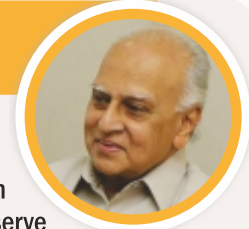

**Viji Sudhakar**  
Director-Global Process Improvement & Automation, Solenis LLC, Delaware

“ When I cross the threshold of my school gates, the years roll off and am flooded with happy memories. Growing up, Kikani School was a second home. The multi cultural diverse friends gained here are still my backbone through life. It has fostered empathy, compassion, self confidence and more importantly taught that success is not measured by how much money we have but what you can give back to the community. I wish the Kikani Global Academy all success. ”

**BK Krishnaraj Vanavarayar**

Chairman, Bharatiya Vidya Bhavan, Coimbatore

“ A century ago a group of Gujarathis migrated down south and settled in various places. One such group preferred to settle at Coimbatore. The Gujarathis are known for their business acumen, hard work and an eagerness to serve the community in its vicinity. Those who chose to settle in Coimbatore are no exception to this legacy. They flourished in their business and set apart a portion of their earning to very many noble causes and one such cause was education. Six decades ago, they felt the need to provide high quality education for children and founded the Kikani Institutions. Now in that line has emerged the Kikani Global Academy. My good friend, Shri Tushar R. Kikani, the Correspondent and Trustee of the Kikani Institutions tells me that this Academy is meant to impart knowledge to meet the 21<sup>st</sup> century demands. The Academy will have an innovative approach to education and will make education holistic in nature. Good education according to Swami Vivekananda will have to empower the student to emerge as an enlightened citizen, who will go to enrich the Nation. May the Academy emerge as an institution of Excellence! ”

**D. Srinivasan**

Managing Director, Sree Annapoorna Group, Coimbatore.

“ As a proud alumni, I am happy to state that Kikani school has one of the most beautiful layouts with very spacious classrooms within the city. Upkeep and cleanliness is always at its best. I had the privilege of being a student in this prestigious school from my 6th grade and it brings back great memories recollecting my childhood and school days. Every day was happy with cheerful occasions. Administered to perfection, the school offered education to children from all communities and ensured they shared wonderful and respectful relationships which all of us still cherish - like me, besides bringing out all their talents which they have mastered today to which I am no exception either. The administration and the entire faculty at Kikani have been the perfect driving force. I am sure their new and upcoming premises will also provide state of the art technological requirements for the children, besides continuing to impart in them good education to make them face all challenges in life with good moral values and become proud citizens of our country. ”

**Prof S Rajasekaran, Ph.D.**  
Chairman, Dept of Orthopaedic & Spine Surgery, Ganga Hospital,  
Chair, AOSpine International Board

“ Teachers are your second parents and parents are your best teachers - Mahatma Gandhiji

The above saying of Mahatma Gandhiji clearly depicts the importance of teachers and schooling in shaping the life and

future of young students. I was one of the many lucky ones who was fortunate to have the schooling in Shri Baldevdas Kikani Vidyamandir Higher Secondary School which was the light house of knowledge and education. Of course, Kikani High School stood apart from other institutions in education and brought out state award winners every year. It was also the source of numerous students entering into medical, engineering and other professional courses every year. But this is not the only reason we remembered and feel proud about Kikani High School. It is more for all the other rich education that we derived from being trained under the best of the teachers at that time. We learnt about strength of good character, discipline, punctuality and honesty - all of which have made us what we are today. All of us remember very fondly our headmaster Mr Swaminathan and all our teachers who placed discipline in front of everything else. I still remember how the very appearance of Mr Swaminathan sir will bring a hush and silence to the whole school. Everyone of our teachers paid as much attention on our overall development as to our lessons. Those were the days when both teachers and parents believed on the principle ‘Spare the rod and spoil the child’ and we had strict upbringing about which we are all very happy and grateful for. Kikani School was also unique because it was very cosmopolitan and had a large number of students from all the states of India. It was a perfect atmosphere where we felt the ‘unity in diversity’ and this feeling of oneness of the country remains green in our mind even today. We are also grateful for the concentration of the extra-curricular activities. Every year we had prizes for the best essay writing, elocution and debates for which there was fierce competition. Participating in these annual competitions made us proficient in writing and public speaking which stands to us in good strength even today. Our participation in sports and NCC activities gave us an overall development with good times that remains in our memory even today.

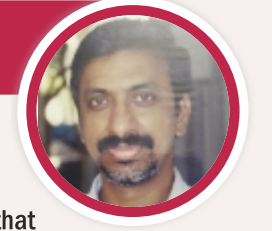

One of the most important memories is our morning assemblies and our common pledge. “Kikani is our school, Make it proud of me, Make me proud of it” All of us are always proud of our alma mater and ever grateful for the learning. I hope that we have all lived a life on which our school can be proud of us. ”

**T.V.Narendran**  
CEO & Managing Director, Tata Steel Limited

“ I am privileged to have passed out from Shree Baldevdas Kikani Vidya Mandir in 1982. I had a wonderful time there in a very cosmopolitan environment where there was focus on both academics as well as on sports. My time there played an important role in my personal and professional development. I am delighted to learn that a new campus is being built and wish the institution an even more glorious future. ”

**Parthasarathy Krishnan**

“ It is a pleasure to write about my *alma mater* Kikani High School on this yet another momentous occasion of its journey in prosecuting a noble cause in the city of Coimbatore. It cannot be an exaggeration when I say that my school has contributed to my success both personally, professionally and shaped my personality which goes a long way in being a useful member of the community. I wish and pray that Kikani and its management should grow to new heights in the years to come and keep the flag flying higher.”
